PURPOSE OF MEETING: Buchanan Downtown Reconstruction Project Public Meeting.

PROJECT BACKGROUND: The City of Buchanan with its engineering consultant, Prein & Newhof, conducted a 3-year infrastructure assessment from 2016-2018 that identified a critical need to update old water mains, storm sewers, and sanitary sewer infrastructure that runs under our downtown and neighborhood streets. The City has secured significant funding thru USDA for the project that will begin a phasing of the replacement of city sewer and water lines, as well as, a new downtown streetscape. The City and its engineering consultant team have begun initial discussions on project design and streetscape, and wants to engage the residents of Buchanan at this early stage to receive their ideas and feedback on this important project.
